YEAR-ROUND ATHLETE DEVELOPMENT

01

PRE-SEASON

A six-week program designed to prepare players for the upcoming IVC Competitive season. The program starts the last week of August. Players choose to train twice or three times per week.

02

COMPETITIVE SEASON

Our main program runs from November to March for all teams. Each IVC team trains twice a week. Includes games & tournaments. Every player who wants to be part of it must attend IVC Team Tryouts.

03

SPRING SEASON

The program runs from April through May. Players choose to train twice or three times per week. We work on improving all skills through the most efficient drills.

04

HOLIDAY CAMPS

We run camps throughout the year during school holidays. They are a fantastic opportunity for players to improve at a higher pace and are designed as intensive volleyball weeks that cover all volleyball skills.

IVC maintains year-round engagement with athletes, families, and the volleyball community.

EMPOWERING THE NEXT GEN OF FEMALE ATHLETES

- 1 Majority of IVC athletes are girls
- 2 Volleyball has strong female participation globally
- 3 Inspire confidence & leadership through sport
- 4 Environment where female athletes uplift, challenge, and inspire one another

She plays. She leads. She inspires.

LET'S BUILD THE FUTURE OF VOLLEYBALL TOGETHER.

IVC believes that we can inspire the next generation of athletes while building a powerful and authentic volleyball community across Singapore and East Asia.
